ABOUT US

EZ Hampers are a luxury award winning hamper company based in Manchester.

Say goodbye to gifting stress with EZ Hampers. We ensure that your recipients' needs and wants are our top priority.

You can trust us to handle their gifts with the utmost care and attention, while also being eco-conscious. Our hampers are perfect for any occasion from Christmas to baby showers. We're committed to using eco-friendly materials. Shop now and give a gift that's kind to the planet.

We can deliver to all over the UK.

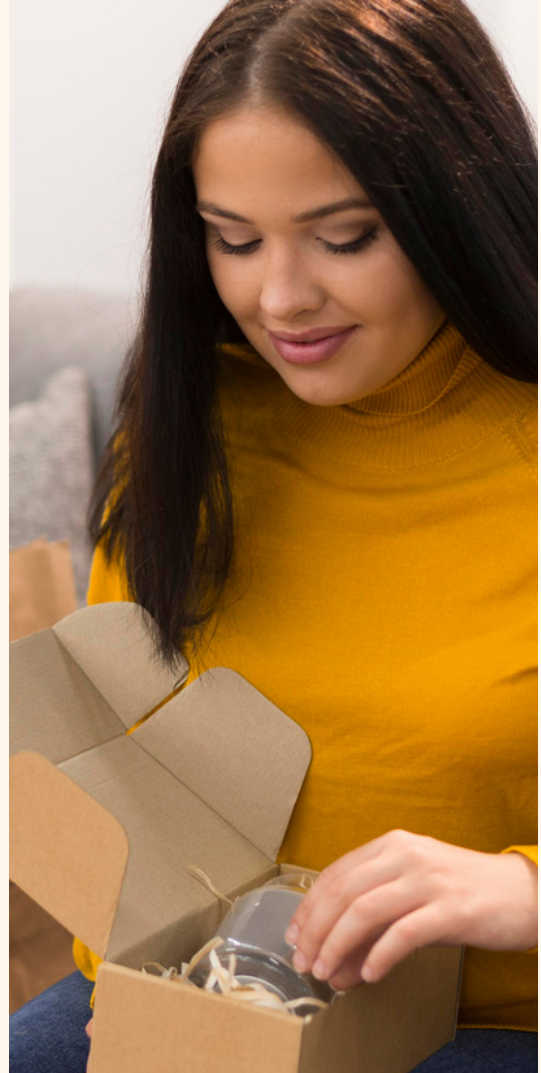

We package all our hampers with care and attention.

We source all our products sustainably as well as packing all of our products responsibly. They are packed in recyclable cardboard boxes unless specified otherwise we can provide a wicker basket at a further charge.

We are an award winning hamper company. Our awards range from the Vegan Choice Award to the UK Enterprise Awards. Both for our gifting but also our dedication to sustainability.

HOW WE MAKE OUR HAMPERS

1.

STEP ONE

Choose either a cardboard box included in the cost of your hamper or choose a wicker basket for an additional cost. See the next page for the options.

2.

STEP TWO

You tell us what you want in your hamper or pick from our premade selection, we then place them in the selected box.

3.

STEP THREE

We package up your hamper completely and send it out free of charge unless you request otherwise.

OUR SUSTAINABILITY

No plastic

We've set out a clear path that will see our company become completely 100% plastic free by 2024.

Biodegradable Packaging

Our hampers are made with cardboard and are completely biodegradable.

Inclusive

No matter the occasion; no matter the dietary requirements we have the perfect gift for any recipient.

Giving back

A significant portion of products are dedicated to giving back to the community around them. As well, many collaborate with charitable organisations. That's why we love to support and stock their products.

We love to ensure we're helping the environment by preventing recyclable materials go to landfill. We do this by taking donations of wine, gin whisky, champagne bottles and coffee cans to repurpose into the most heavenly scented candle!

Our B-Corp Stats

In business, B Corporation is a private certification of for-profit companies of their "social and environmental performance". EZ Hampers are proud to be part of the community that's shaking up the business world by putting people and the planet first. We couldn't have achieved our B Corp score without the support of other small businesses and our amazing customers who share our ethos. We are currently pending our confirmed status.

- **118 OVERALL B IMPACT SCORE**
- **80 QUALIFIES FOR B CORP CERTIFICATION**
- **50.9 MEDIAN SCORE FOR ORDINARY BUSINESSES**
